
CURRICULUM VITAE

The following detail should be included:

- Professional Qualifications
- Higher surgical training
- Current position held and previous relevant work history
- Courses and Scientific, or other, Meetings attended
- Presentations
- Teaching Experience
- Current Research
- Future Professional Aims
- The names and contact details of two referees

You will need to indicate where you acquired your qualifications and more information regarding your educational background.

Publications, abstracts and papers need to specify the year, description and authors. It would also be helpful to have some copies of articles or abstracts you have written which are in the area of ear and skull base surgery.

If you have participated, or are participating, in any research programmes please give details.
